BEACH IS FREED BY THE JURY

Testimony of Wife Assists in Clearing Noted Society Leader

DRAMATIC COURT SCENE

When Woman Whose Throat Husband is Alleged to Have Slashed Takes Witness Stand.

Aiken, S. C., Feb. 7.—Frederick O. Beach was exonerated here this afternoon by a jury on the charge of attempting to cut his wife's throat. The jury retired at 1:14, and reported shortly before 3 o'clock.

Aiken, S. C., Feb. 7.—He did not do it!

Exerting her voice to the limit of its strength, Mrs. Frederick O. Beach thus ended last evening her dramatic exonerated of her husband from the charge of having plunged a pocket-knife into her throat.

Anywhere but in a court of justice the climax to this brilliant social leader's recital of the events of Feb. 26 would have been received with a burst of applause.

Not once did she falter. She was grave and smiling by turns, dignified and courteous, now soft spoken, now emphatic.

Nervous at the beginning of her ordeal, she quickly mastered the situation and with a fringe of faces of the social elite of New York and Newport gazing at her from the spectators' benches and lending their support, Mrs. Beach—daring at intervals a fond smile at the husband who fixed fascinated eyes upon her—told the story which, if anything, will set that husband free.

The last hour of yesterday's session was used by the jury inspecting the cottage, in front of which the assault was committed.

All of the testimony put together was lacking in the dramatic and convincing force of the story told by the frail and dainty society woman—she who suffered the blow—in her effort to free her husband of the hideous charge of having wielded the knife.

She is the heroine of Aiken today—at least of the smart set for whom she has provided a new sensation. What is more to the point, she has probably made possible the acquittal of her husband against what were tremendous odds; she has saved the social prestige or an honored name, and the six-foot-seven son to whom she referred so fondly in her testimony, may look back from the wilds of Vancouver, where he is working for a living, and be proud to call her mother.

It was about 11:30 when Mrs. Beach was summoned to the stand. She walked rapidly, with her head held high, to the witness stand, daintily and demurely took the fatigued Bible in her hand and aimed a fleeting kiss at its soiled pages.

She wore the accustomed brown skirt, with tan shoes, white-topped, and a brown turban. Instead of the silk shirtwaist, however, she had donned a soft white linen waist, low cut, with a sailor collar, in order better to enable the jury to see where the knife wound had been inflicted. The scar shows plainly just beneath the right ear.

Mrs. Beach wore long brown gloves and carried her husband's spectacle case in her hands.

In a somewhat husky voice she gave her name, Camilla Moss Beach, said she had been married twice, her first husband having been C. P. Havemeyer, who died about 14 years ago. Eighteen months later she married Mr. Beach.

She has two sons of 20 and 14 years, respectively, by Mr. Havemeyer, and two other children, the fruit of her second marriage. Both the latter are still at school.

Mrs. Beach was asked in her own words to tell the story of the events of the night of February 26. Turning toward the jury, the witness, using her hands to illustrate the story, said:

"Miss Hollins, Mr. Beach and myself had supper at the cottage that night."

"After supper we went into the sitting room, where we talked at while and a little after 9 o'clock Miss Hollins decided to go to bed. I talked a while longer with Mr. Beach, and then I decided that I, too, would retire after putting the dolls out. As I walked out the hall seemed stuffy so I closed the door of the sitting room so that the draught would not strike Mr. Beach, and left the front door open."

"I passed through the screen door and walked down two steps to the yard. It was a moonlight night and the electric light was burning just outside. As I looked out into the street I saw the figure of a colored man coming through the gate. I stopped, for I have never been afraid of any one in Aiken, white or black. 'Can you tell me,' or 'does Mr."

SHROEDER CAUSES ARREST OF ROSENBAUM FOR PERJURY; BROWN SUES NEW YORK MAN

The troubles of Maurice Rosenbaum and L. A. Shroeder are surely becoming complicated. While the case against the latter was being heard Thursday afternoon by Justice G. W. Horton, the charge being that he obtained money from Thomas E. Brown under false pretenses, an affidavit was filed before Squire D. M. Jones by Shroeder, charging that Rosenbaum had committed perjury, in filing an affidavit in Horton's court charging him (Shroeder) with forging a letter, which case has not yet been tried in Horton's court. It was this letter that Brown says Shroeder showed to him, as coming from the W. C. Reeves company of New York, and purported to authorize Shroeder to make certain changes in a written contract for the sale of lots purchased by Brown, and by which he was induced to invest.

The warrant was served by Constable Robert Forgrave, just as Rosenbaum was leaving Squire Horton's court room Thursday afternoon.

Rosenbaum was released on \$300 bond for his appearance for trial Friday morning at 10 o'clock.

In Common Pleas court Thomas E. Brown by Attorneys Smythe & Smythe has filed a suit against Rosenbaum asking for a judgment against him and the W. C. Reeves Land company of New York for \$955 with interest, alleged to be due on the contract of sale signed by Brown, calling for the payment of this amount to him upon the sale of five lots purchased by Brown through Shroeder, a sub-salesman of the Reeves company under Rosenbaum, the sales manager.

Brown bought the lots, and they were to be sold for \$750 at auction not later than November 15. Brown to receive the net profits in the amount sued for. The transaction has been described before.

The false pretenses case against Shroeder was argued Friday morning by J. R. Fitzgibbon and J. Howard Jones for the state and J. P. Dalle of Cleveland and Phil B. Smythe of Newark for Shroeder.

At 1 o'clock Friday afternoon Squire G. W. Horton after hearing arguments in the L. A. Shroeder case bound the defendant over to the grand jury in the sum of \$500, and the defendant asked that before execution of the mittimus he be allowed to make application to the Probate court for a re-hearing of the case under a section of statutes which permits the Probate court to sit as an examining court, at which time he may either discharge defendant or admit him to bail.

He was held prisoner in the justice's office while his attorneys made a motion in Probate court to admit defendant to bail, pending the hearing of the motion for a re-hearing which was set by agreement for next Wednesday, February 12, at 1 o'clock.

The \$300 bond under which Justice Horton placed Shroeder is for his answering to the action of the grand jury, and of course if he gave this bond he would be precluded from appealing for a re-hearing to the Probate court, thus necessitating the obtaining of admission to bail from Judge Hunter. If it is not granted, Shroeder must await in jail the hearing next Wednesday.

Beach live here?" he asked. "I have a letter for Katie and another lady at Harriman's."

"He seemed not to be able to remember the name, so I asked him if he couldn't remember. Then I turned as he had moved toward me, and suddenly the man jumped forward and put his hands on my shoulders."

"From that time on I was so terrified that I don't suppose I even screamed. There was a scuffle, but how long the scuffle lasted I don't know. I remember being thrown to my knees once and that I struck him in the face. Then it was that I screamed. I heard a door slam. I know that Mr. Beach had heard and was coming to my aid."

"As the man heard the door slam he hit me on the ear with a stick which he had in his hand and ran out between the two bushes in the yard. The next instant my husband was at my side."

"What is the matter, dearie?" he asked.

"Oh he has done something dreadful to me," I cried, and threw myself in his arms. He helped me in. I was hysterical, but I was bound I would not lose consciousness. The next thing I knew I saw Miss Hollins coming down stairs. Mr. Beach ran upstairs for his revolver, but said nothing to be about it, because I wouldn't have permitted him to go out. Not that I was afraid he would be hurt, but because I didn't want to be left alone. Miss Hollins closed and locked the door, because I had cried to them to keep the colored man out. In a few seconds Mr. Beach returned and knocked on the door to be admitted."

Mrs. Beach told the story in a series of rapid sentences with dramatic pauses when she stopped to catch her breath. The color had mounted to her cheeks during the recital, and she now paused, breathless.

ATWELL DENIES BAUMAN WAS AT LUNCHEON

Columbus, Feb. 7.—Complications are expected to make difficult the work of the defense in the Bond-Dean bribery trial came today when former Senator Atwell testified that August Bauman, Sandusky, was not at the local hotel luncheon where the bribery question is said to have been discussed, and said that he had never seen Bauman until he testified yesterday that he attended the luncheon.

Former Senator Drake is expected to corroborate Atwell's testimony. Senator Dean on the stand denied that he had offered Drake the election for his vote on the Rose law. The defense closed this afternoon.

PRISONER IS BROUGHT BACK BY SLABAUGH

YOUNG E. M. DOWNER ARRESTED IN PUEBLO, COLO., GIVES BOND.

Sheriff and Prisoner Were in Slight Wreck, But Neither Was Injured.

Sheriff F. E. Slabaugh returned at 10:30 o'clock Friday morning from Pueblo, Colo., having in custody E. M. Downer Jr., who was wanted in this county on a charge of non-support of a minor child. The young man is head bookkeeper for a large concern in Pueblo, the Hinkle, Duke Mercantile Company, with whom he stands in very good repute, the management offering to let him have a month's salary in advance for his trip back to Newark. A member of the firm accompanied the sheriff and his charge as far east as Chicago, where he had some business, and told Sheriff Slabaugh that if he was needed here to telegraph him and he would come to Newark if he could in any way assist Young Downer in his difficulty.

Sheriff Slabaugh left for Newark Tuesday night over the Santa Fe, but missed some connections further east, which delayed his arrival in Newark somewhat. East of Dodge City, Kan., two cars in front of the sleeper in which they were riding jumped the track and gave both a severe shaking up, although neither was injured.

The Licking county official had requisition papers from Governor Fox upon the Colorado executive, to be used in case they were needed, but Downer made no objection whatever to returning to Ohio.

He was brought into Clerk Larason's office, where he signed the \$500 bond and was immediately set at liberty. His case will be assigned later, as it was not included in the one made the first of the week.

TURKS LOSE HEAVILY IN PENINSULA

At Gallipoli Where Desperate Battle Rages Today

FINANCIAL WEAKNESS

May End the Balkan War is the Opinion of Ambassadors of the Powers.

Constantinople, Feb. 7.—Desperate fighting was reported again today from the peninsula at Gallipoli, where the Bulgarians are endeavoring to open a way for the Greek fleet up the Dardanelles.

It was said that the Bulgarians held all the villages they have captured. The Turks, though, were said to be making a determined stand at Gallipoli.

Semi-official statements confirmed the report that the Turks lost several thousand men in yesterday's battle. Sofia dispatches placed the Turkish losses at 5,000 killed and wounded.

London, Feb. 7.—The war reports thus far received here are viewed with considerable skepticism, since it is well understood that they merely reflect the views the respective army headquarters desire to spread.

Yesterday's report from Constantinople of losses inflicted by the Turkish fleets on the Bulgarian army advancing through the Peninsula of Gallipoli was today declared unfounded by the Bulgarian war office at Sofia. The bombardment of Adrianople continues "without any advantage to either side."

In Germany it is asserted that if the operations of the allies actually threaten the forts dominating the Dardanelles, the powers will abandon their position as mere spectators.

Financial weakness will end the Balkan war more quickly than losses in the field and the destruction of cities, in the opinion of ambassadors of the powers, and it was believed today that all Europe would refuse to loan money either to Turkey or the allies until peace is made.

Greece, Bulgaria, Montenegro and Serbia are believed to be almost as hard up as the Ottoman empire, and peace negotiations are expected to be resumed at once.

STORM WINDOWS AT DIVORCE TRIAL TO HEAR TESTIMONY

Cincinnati, Feb. 7.—Windows of the residency court were stormed late yesterday by men and women in an effort to enter the court room to hear the testimony in the divorce suit of Mrs. Thorne Ball, wife of a prominent attorney and former state senator. A riot call brought a squad of police to aid the ladies in clearing the room.

All of the witnesses who have testified have been present so far, and the court room has been crowded at each session. The doors were locked when the balliffs entered the court room, they do over many persons, including a crowd of women who had entered through the outer windows.

The ladies were made to step the windows that were being the windows and called for the door.

BOARD OF EDUCATION ANTAGONIZES REGULATION OF BOARD OF HEALTH

Superintendent Hawkins Gives Statistics Showing It Tends to Demoralize the Attendance, and Has a Bad Effect on the Children's Morals—Board Seeks a Modification of the Order.

Health Officer W. H. Knauss was present at the adjourned meeting of the Board of Education, held Thursday afternoon, by invitation, and was informed by Superintendent Hawkins that the rule established by the Board of Health in regulation of the attendance of pupils in whose family there has been sickness was tending to demoralize the schools, and the attendance as well as having other far teaching deleterious effects. The superintendent read a tabulated report made up from what had been given him from the principals of various buildings, and it was the unanimous opinion that the present regulations as prescribed were too drastic and should be modified.

It was argued by several members of the Board of Education that the attendance was being reduced as many children "played off" sick and thus stayed out of school and could not be forced to attend by the truancy officer.

Dr. Knauss defended the ordinance and its enforcement, but said that in some cases the teacher should use her own judgment, but that this should not be carried to an extent that would become dangerous to the health of the general student body.

It seemed to be the general opinion that the greatest danger in the rigorous enforcement of the ordinance was the bad moral effect, and that it tended to almost force, or at least to give a strong temptation to lying, on the part of pupils. Some falsified in order to stay in school, others in order to stay out.

It was suggested that Dr. Knauss draw up some instructions that would modify the order and alleviate the conditions and that the board could co-operate with, in a spirit of the best good for all.

Superintendent Hawkins had asked the principals of all the buildings to report to him on January 21st their observation of the results of the rigorous enforcement of the regulation of the health board, pertaining to the attendance of children in whose homes there is sickness and the replies received were unanimous in giving the opinion that it was tending to demoralize the schools.

For instance, here are some of the replies.

During the week beginning January 27 in all buildings there was 200 days absence.

A large majority of children do not report sickness because they do not want to be sent home for a permit; children who wish to make good records will falsify to prevent this, while those from shiftless or indifferent families will lie to obtain permission to stay at home.

Parents very generally object to the trouble and expense of obtaining physician's certificates; parents are beginning to show a spirit of antagonism toward the teachers; some think it unreasonable, others ridicule it.

It is not necessary to have so stringent a regulation when the city is as free from contagion as at present, and a teacher should be allowed to exercise some discretion in the matter.

The parents and family physicians should be made responsible; the teacher cannot always trust to the facts stated by children; require physicians to sign certificates in cases of contagious diseases only.

It is a great mistake to suggest the idea of sickness (twice a day to 4,000 school children; the regulation places a premium upon misrepresentation by both parents and children; if the regulation is continued doctors should be required to leave certificates at a place in each district, provided by the health board, where suspected children may obtain them free.

At times the discussion became somewhat acrimonious, and it was evident that the membership of the board and the superintendent were agreed that the regulation should be modified.

President Edward Kibler, members Dewey, Miller, Broome, Haight, and Rank were present.

Professor O. J. Barnes asked for two more typewriters for the high school.

Bills to the amount of \$9,931.70 were read and allowed.

Applications from Mrs. Andrews, Misses Julia Smith and Mary L. Miller for the positions of school enumerators were received and filed.

The state inspector of plumbing wrote that the plumbing at the MacBolin street building was done in accordance with the rules of the department.

Superintendent Hawkins asked permission to attend the national meeting of school superintendents at Philadelphia the last week of February, at his own expense. This permission was granted, and also extended to Principal O. J. Barnes.

Truant Officer Handel reported 13 truants and 60 absent during January. It was authorized that \$1,000 insurance be placed on the store room.

The question of seats for the new buildings was taken up. A letter was read saying that the Cleveland Seating company had given bids to the Bellaire Board of Education on the same seats, from 20 to 30 cents lower per seat than it had given the Newark board.

It was decided to adopt a cast-iron seat, and the companies will be notified to have samples of their seats before the board next Tuesday evening at 7:30 o'clock.

The board adjourned to meet February 18 at 6:30 o'clock, the early hour being named so that the members of the board could attend the open sessions in the high school to be held that evening.

PLAN TO REDISTRRICT THE STATE CREATING NEW APPEALS COURT

Columbus, O., Feb. 7.—A general re-arrangement of appellate court districts is being considered by a sub-committee of the House Judiciary committee, in the consideration of Representative Insor's bill creating a new appellate district in Ohio. The bill would increase the number to nine, of eight as at present.

Woman's Beauty Is Based on Health

To Have Health, Bowel Movement Is Absolutely Necessary—How Best to Obtain It.

If woman's beauty depended upon cosmetics every woman would be a picture of loveliness. But beauty lies deeper than that. It lies in health. In the majority of cases the basis of health, and the cause of sickness, can be traced to the action of the bowels. The head, the face, the neck, the skin and the lusterless eyes are usually due to constipation. So many things that women do habitually contribute to this trouble. They do not eat carefully, they eat indigestible foods because the foods are served hastily, and they do not exercise enough. But whatever the particular cause may be, it is important that the condition should be corrected.

An ideal remedy for women, and one especially suited to their delicate requirements, is Dr. Caldwell's Syrup Pepsin, which thousands of women endorse highly. Mrs. Jennie Sneider, 1041 West Monroe St., Chicago, testifies that she is "cured of grave stomach and bowel troubles by using Syrup Pepsin and without the aid of a doctor or any other medicine." All the family can use Syrup Pepsin, for thousands of mothers give it to babies and children. It is also admirably suited to the requirements of elderly people, in fact to all who by reason of age or infirmity cannot stand harsh salts, cathartics, pills or purgatives. These should always be avoided for at least their effect is only for that day.

FOR AGRICULTURAL PROGRESS.

For the betterment of agricultural conditions in the state, the three Apple Creek Farmers' Clubs are a type of organization that might be imitated by other communities. From organization originally instituted for the consideration of neighborhood problems, these clubs have, during the past three or four years, developed to over a hundred members, gathering semi-monthly for participation in programs of general agricultural interest. The development from the original phase has been an insistent one, created by the increasing desire of the people for information concerning better and more scientific agricultural methods. The sessions are held in the district school house, and each program comprises interesting discussions of important topics, directly and indirectly allied with agricultural progress, by men identified with activities in other parts of the state and in the school of agriculture, as well as suggestions by the more successful members. The dues are only ten cents annually, with an initiation fee of twenty-five cents, thereby prohibiting no one, and at the same time maintaining the dignity of organized effort. Entertainments in the village assist in breaking the winter's monotony, while corn and fruit shows at which prizes are awarded, have done much to increase interest in the quality of seed corn used by the farmers of the community, and in the advantage of scientific spraying operations. Surmounting in all other features, however, there is a spirit of

while a genuine remedy like Syrup Pepsin acts mildly but permanently. It can be conveniently obtained at any drug store at fifty cents or one dollar a bottle. Results are always guaranteed or money will be refunded. You will find it gentle in action, pleasant in taste, and free from griping, and its tonic properties have a distinct value to women. It is the most widely used laxative- tonic in America today and thousands of families are now never without it. If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 417 Washington St., Monticello, Ill., and a free sample bottle will be mailed to you.

co-operation to which can be attributed much of the success of the organization, and the advancement of the Apple Creek district should be steady and substantial.

THE OHIO FARMER'S CREED.

I believe in red clover, I believe in cow peas, I believe in soy beans, and above all, I believe in alfalfa, the queen of forage plants.

I believe in a permanent agriculture, a soil that shall grow richer rather than poorer from year to year.

I believe in hundred bushel corn and in fifty bushel wheat and I shall not be satisfied with anything less. I believe that the only good weed is a dead weed, and that a clean farm is as important as a clean conscience.

I believe in the farm boy and in the farm girl, the farm's best crops and the farm's best hopes. I believe in the farm woman, and will do all in my power to make her life easier and happier.

I believe in a country school that prepares for country life, and a country church that reaches its people to love deeply and live honorably.

I believe in a community spirit, a pride in home and neighbors, and I will try to do my part to make my own community the best in the state.

I believe in better roads. I will use the road drag conscientiously whenever opportunity offers and I will not "solder" when working out my road tax.

THE GREAT COUGH-CURE

LET'S ALL JOIN NEWARK, OHIO'S DON'T WORRY CLUB

The following very good advice is taken from the February American Magazine:

"The worries of today are the jokes of tomorrow. Look over your past life. What are the incidents that you find funny now? Every one of them was a worry at the time it happened. You laugh as you look back at past worries. Well, why not laugh at the worries of today and tomorrow as well?"

"Worry doesn't get you anything or anywhere. There's no use worrying about things that are past. Whatever has happened is right or wrong. It would not have happened if the whole great Universe is run in harmony. Don't be convinced enough to suppose that everything you have done is out of harmony with the Universe. If it was, the whole world would soon get out of kilter."

"There's no use, worrying, either, about what's going to happen. Nobody knows that. Remember, the worst never happens. And why worry now? You either can help or can't help what you are worrying about. If you can help it go ahead and do it and stop worrying. If you can't help it, what good does worrying do?"

"But, you say, 'I just can't help worrying.' How absurd! Of course you can. Try this plan. Sit down calmly and ask yourself what is the very worst result that can come from your present trouble. Look it in the face boldly. Square your shoulders and say to yourself: 'Well, if that's all, I can face that. Lots of worse things have happened to millions of other people and they have survived. I guess I can.'"

Most worries are over mere trifles. Probably George Washington's wife used to worry when he got home late for dinner, but what difference does it make to either of them now?"

"Get a Worry Book. Put down in it today everything that worries you. Look at it a week from today. How many of the things you are worrying about will happen? The longer you keep a worry book, the shorter will grow the entries."

That Corn is a Sure "Goner" Now

"GETS-IT," the New-Plan Corn Cure. Gets Any Corn Surely, Quickly.

You'll say, "It does beat all how quick 'GETS-IT' got rid of that corn. It's almost magic!" "GETS-IT" gets

"Never Could Do This Before. 'GETS-IT' Made Every Corn Vanish Like Magic."

every corn, every time, as sure as the sun rises. It takes about a second to apply it. Corn pains stop, too fast for the corn to shrivel up, and it's gone! Ever try anything like that? You never did. There's no more fussing with plaster that goes on the corn, no more soaking that takes off the surrounding flesh, no more bandages. No more knives, files or razors that make corns grow and cause danger of blood poisoning. "GETS-IT" is equally harmless to healthy or irritated skin. It gets every corn, wart, alius and—when you've got

BUSINESS MEN WAGE WAR ON RATS AT ATHENS

War on rats and mice in Athens, has been declared by the Retail Merchants' Association of the Athens Commercial Club. Economic and sanitary considerations have impelled the merchants to initiate the war of extermination.

The battle will be prolonged for two months and bounty and prizes will draw many valiant soldiers to the army of extermination. The caudal appendages of big rats, little rats and mice will have an unusual value during February and March.

The rat tails will be worth half a cent apiece and two mice tails will count as one rat tail in the determination of value.

In addition to the bounty rich prizes will be offered at four different periods to the soldiers of the army of extermination, viz. February 15, March 1, March 15 and April 1.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

The woman with tender skin dreads February and March, because they are sure to cover her face with ugly freckles. No matter how thick her veil, the sun and winds will surely make her freckle.

Fortunately for her peace of mind the recent discovery of a new drug, othine—double strength, makes it possible for even those most susceptible to freckles to keep the skin clear and white. No matter how stubborn a case of freckles you have, the double strength othine will remove them. Get an ounce package from any first class druggist and banish the freckles. Money back if it fails.

TRANSACTIONS OF TABERNACLE FINANCE COM.

Auditor Hugh Submitts Report Showing Receipts and Expenditures of Lyon Evangelistic Campaign.

The executive committee of the Lyon Evangelistic campaign met at the M. C. A. last evening at 7:30. President Rev. Chas. Laughlin presided. The chief matter of discussion was the report of the auditor, Mr. J. N. Pugh, on the transactions of the finance committee. The report was favorably received by the committee and placed on file for future reference.

President Laughlin took occasion to

That You Ever Had Stomach
Trouble or Gall Stones.

Dr. Williams' Pink Pills for Pale People is the best and most widely known remedy for these ailments and disorders. It cures the stomach, liver and intestinal troubles, gas, indigestion, dyspepsia, pressure of gas around the heart, heartburn, distress after eating, nervousness, dizziness, fainting spells, sick headaches, constipation, biliousness, yellow jaundice, and all other ailments of the digestive system. The above ailments are mainly caused by the clogging of the intestinal tract with mucous and catarrhal secretions, backing up poisonous fluids into the stomach, and otherwise deranging the digestive system. Do not permit a dangerous operation for these ailments until you have at least tried one dose of this great Remedy. Guaranteed by me to be absolutely harmless, containing no injurious drugs, under the Pure Food & Drug Act, Serial No. 25792.

"Miss Nobody from Starland."

Gems of melody best describe the many song hits in the Mott H. Singer musical revue, "Miss Nobody from Starland," which will be the offering at the Auditorium on Wednesday, Feb. 12. The music was written by that wizard of popular song creations, Joseph E. Howard, who has written more genuine song hits than any other living composer. The most fascinating melody, perhaps, is "The Gigaboo Man," made popular by the clever prima donna, Olive Vail in her portrayal of the title role of "Miss Nobody from Starland." Among the other song hits are "Hello, Little Sweetheart," "My Pretty Moon," "That Dainty Devilish Rhapsody," and "I'll Be Your Honey When It's Moonlight."

Daddy's Bedtime

The Talking Wire
Story— That Wouldn't
Take a Bath

All Night the Snow
Came Down.

"ISN'T there a story ready yet?" Jack and Evelyn asked daddy as they cuddled down in the window seat. It was almost their bedtime.

"Well, yes; perhaps there is," daddy replied. "Do you see those tall poles along which run the shining wires—the talking wires—over which our words go slipping when we talk to one another over the telephone?"

"Once on a time there was a talking wire that stretched between the house of a little boy and girl to the town. There a young lady sat in an office and switched the wire to other wires, so that the folks who had the telephone could talk to other folks who had telephones.

"And this wire, which came from the little girl and boy's house, thought very well of itself.

"One day the clouds gathered in the sky, and tiny little drops of rain began to fall in the road along which the wire stretched.

"The wire didn't like the rain. It said it didn't need a bath.

"The rain spoke very politely, but the wire wouldn't hear its excuses.

"If you don't stop pouring that water over my back I'll speak to the wind man, and he'll blow you right away," the cloud threatened.

"The rain couldn't stop, though, for the cloud kept right on sending it down to earth. So the talking wire sent a message to its friend, the wind man.

"The wind man was away off up north at a very cold place when he got the message and hurried as fast as he could to oblige the talking wire.

"The rain was coming down quite heavily when he reached the wire. As soon as the little raindrops felt the cold breath of the wind as it came pouring up from the north they began to shiver and shake. In a minute some of them had put on their little white cloaks and caps, so that when it looked at them the talking wire did not know them, for now, you see, they were little snowflakes instead of little raindrops.

"And the raindrops that were clinging to the wire, as raindrops will when they fall on anything, were turned to ice, so that they couldn't move at all.

"And the wire was shut in by this ice coating, so that it couldn't call to its friend, the wind man, to go away.

"All night the snow kept coming down, and it clung to the icy wire until it groaned and shivered beneath the weight piled on its slender length. And at last it broke, and the ends fell to the ground, so that it wasn't a talking wire any more.

"And then, oh, my, how sorry it was it had complained about the gentle little rain!"

E. F. GUYTON IS WELL SATISFIED WITH RESULTS

Thinks Tissue Builder is Entirely Responsible for His Improvement.

The idea of people voluntarily statements of public have received benefit from the use of Tissue Builder is an excellent one. It is positive of the faith of the manufacturer in their remedy. Their own gains never could be as convincing as those of others whose only purpose in life is to benefit others. Tissue Builder is a valuable remedy derived from a valuable remedy.

Among other local ones E. P. Guyton, R. L. No. 1, wrote as follows:

"A few days ago I had a bottle of Vin Houtica. I had a stomach trouble. The pain in my nose and head was so bad, I have used two bottles. I have been greatly relieved.

"I heartily recommend it to anyone suffering as I have.

"Affections of the mucous membrane, like Mr. Guyton's suffer from, can spread to every organ of the body, consequently the symptoms of this complaint are many and varied. In fact, among others, some of the following may denote the presence of the trouble: irregularity of digestion, palpitation, irritability, spitting of mucus, or regurgitation of food.

The sole agent for Vin Houtica in Newark is T. J. Evans.

OBITUARY

JOHN ESHELMAN.

John Eselman, aged 64 years, a pipe fitter employed at the plant of the American Bottle Company, died Thursday night at 9 o'clock after an illness of about two months. His death was due to hardening of the arteries.

Mr. Eselman was born June 8, 1856, in Illinois. He came here about 20 years ago, and has made Newark his home since that time. He leaves a widow and two children, John and Anna Mary, his mother, Mrs. Anna Eselman, and one sister, Miss Minnie Eselman.

Funeral services will be held at his home in South Fifth street on Sunday at 9 a. m., Rev. C. H. Hazlett of the First Presbyterian church officiating. The K. of P. lodge will have charge of the services. Interment at the Wilson cemetery, north of the city.

MRS. ROSINA THEURER FREY.

Mrs. Rosina Theurer Frey, aged 73 years, a widow, died Thursday night at 1:30 o'clock at her home, 132 South Second street, after an illness of pneumonia, complicated with asthma and dropsy. She had been ill for some time, but her condition became serious early Thursday morning.

Mrs. Frey was born in the village of Unter Jersingen, Wuertemberg, Germany, April 2, 1839.

She came to this country in 1854, on her 15th birthday anniversary, coming directly to Newark, where she has lived ever since, except for a short time spent at Baltimore, Fairfield county.

She was the mother of seven children, three of whom preceded her to the grave. Surviving are two sons and two daughters. They are: Frank Frey, of Newark; Edward Frey, Philip Baker, wife of Cornelius Baker, of this city, and Mrs. William Sunkel, wife of Patrolman Sunkel, also of Newark. Mrs. Frey made her home with Mrs. Sunkel, who gave her the tenderest care.

The deceased was one of the oldest and most faithful members of the German Evangelical church. Her death will cause general regret among her large circle of friends.

Funeral services will be held on Saturday at 1:30 o'clock at the German church, Poplar and Fifth streets. Interment at Cedar Hill cemetery.

ABE MARTIN SAYS:

Wanted a Brave Cop.

Patrolmen Abbott and Burke made two trips to West Newark Friday in response to a telephone call at headquarters. A woman asked the chief if he had an officer who was brave enough to kill a dog. Patrolmen Burke and Abbott killed one animal, but the canine for whose blood they thirsted, succeeded in making his escape.

COMING NEXT WEEK TO THE ORPHEUM

One of the greatest shows of the present day will play the Orpheum all next week with a change of show daily.

Dr. Herbert Flint will be in Newark.

Flint's Still Popular.

Of all the entertainments that have come and gone in the past three decades, the Flint entertainment is probably the only one that for 22 years has held its place as one of the leading theatrical entertainments of each season. In every place it has played, for 22 years, Dr. Flint has explained and demonstrated hypnotism to the public and in all that time he has held an enviable reputation as being at the head of his own class, and also among the leaders of all humorous entertainers. The performance takes on a charm and refreshing newness and the elaboration of old scenes and invention of new ones has infused new life into the entertainment that has been a leader for so long.

The Flint name and the general character of the entertainment are so well known to the people that they know they will be attending their money's worth in attending an entertainment almost entirely new, and yet more than meeting all the requirements that is expected of it. Youngsters attend the Flint entertainment today as their grandfathers did before them, and Dr. Flint declares that several new generations will grow up before the Flint entertainment becomes a thing of the past.

On Second Thought

When a man stays up for an eclipse of the moon that is a sign a woman kept him company.

Eph Wiley says he has noticed that the man who allows his wife to support him never lives very high.

Unless you care about the sort of hotels they have in country towns you will find a good many of the travelling men dull company.

The race horse usually is a great deal better known than the man to whom he was named.

If a woman needs to earn her own living marriage is the hardest way to do it.

A defense of Andrew Johnson has recently been printed. In case you do not recall Andrew Johnson, he was the President who was, justly or unjustly, sentenced to the forgertry.

Every father knows a story which he tells over and over again to the members of his family.

The auks do not seem to be laying very well. Their eggs are quoted on the market at \$1.00 apiece.

There is some talk about the ice in that connection, but nothing melts faster than a dollar bill.

SOUTH BEND'S FRANCHISE GOES TO EVANSVILLE

Ft. Wayne, Ind., Feb. 7. — Louie Heilbroner, former Cincinnati scout, now president of the Central League, has announced that he has awarded to Evansville the franchise forfeited by South Bend by default of \$2000 guarantee. The league is now filled, and consists of Ft. Wayne, Springfield, Grand Rapids, Dayton, Terre Haute and Evansville, a six-city league.

It is announced that the Evansville Club will be managed by Harry Stahlhefer, and that he will have active charge of the finances. He made the club pay when he was manager before. It is expected that "Punch" Knoll will captain the club. Heilbroner says that South Bend lost out because it was not able to finance the guarantee, although given every possible show to make good.

South Bend will accept a berth in the Three-I League.

NO CHANCE FOR MARION TO GET INTERSTATE CLUB

Marion won't get the Interstate League club if it is not placed in Columbus, according to information from the capital city. By placing the club in Diggerville it would be impossible to maintain the Class B rating, and the league would never stand for that. Wherever the club lands, Lee Fohl will be the pilot. He has been under Columbus contract for several years and has given general satisfaction. McKeesport will probably get the franchise owned by Columbus if the A. A. refuses to allow the club in Columbus.

PORTLAND GETS E. WILLIAMS

According to the latest bulletins of Secretary Farrell of the National Association, Errol Williams has been awarded to the Portland (Ore.) club. Three different clubs claimed the player and in making the awards, Portland was successful. Williams, a shortstop, was drafted last fall from Newark by the Washington club.

It has a membership of over 100,000 members in the United States and over 1,000,000 members in the rest of the world. It is a member of the World Council of Churches.

AMATEURS FROM NEWARK OFFERED LOCAL CONTRACTS

A number of Newark amateurs have been given the opportunity to get into organized baseball for this season, by receiving contracts from the Newark club. Farrell and Libcomb have already signed for a try-out and contracts have been tendered Earl Allen, Claud Hager and Brown of the C. M. A. team. Allen has refused to consider the contract tendered him, not caring to relinquish his position with the Hermann clothing store. He is also considering the wishes of his folks, who oppose his entering professional baseball at this time. Hager was a catcher with the C. M. A. team and made a good record last season, being particularly effective in throwing to bases and in hitting. Neither Brown nor Hager has indicated whether they will accept the terms of the contract.

The Newark club is now in communication with players and managers, but no announcement in this regard will be made until after the next league meeting in Columbus.

Heartburn, Gas, Sourness or Dyspepsia
in Five Minutes With
Pape's Diapepsin.

Time it! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, acid, or eructations of undigested food, no dizziness, foul breath or headache.

Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest and most certain remedy in the whole world, and besides it is harmless.

Millions of men and women now eat their favorite foods without fear—they know now it is needless to have a bad stomach.

Please, for your sake, get a large fifty-cent case of Pape's Diapepsin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay agreeable. Eat what you like and digest it, without dread of rebellion in the stomach.

Diapepsin belongs in your home anyway. It should be kept handy, should one of the family eat something which doesn't agree with them or in case of an attack of indigestion, dyspepsia, gastritis, or stomach derangement at daytime or during the night it is there to give the quickest, surest relief known.

COMING SUNDAY TO THE ORPHEUM

One of the greatest pictures ever projected upon any screen will be the feature for the Arcade theatre Sunday.

A great photo-play program of five reels has been arranged and a special musical program by Grace Cranston and her all-star orchestra of real musicians will add to the entertainment.

Miss Jessie La Caumpt, who comes to Newark at great expense to entertain the patrons of the little playhouse on Sundays, will sing. The new sunlight screen affords a great relief to the public, which is now able to witness photo-plays without any bother to the eyes. Do not miss the Sunday program at the Orpheum.

DEATH CALLS JOHN LAWYER WOOL BUYER

An Old Resident Widely Known
Throughout County Dies After
Week's Illness.

John N. Lawyer, aged 82 years, probably as well known throughout Licking county as any one living, died Thursday night at his home, 272 Eddy street, following an illness of a little more than a week from jaundice. His death was not unexpected, but the announcement came as a surprise to his many friends and acquaintances.

Mr. Lawyer has made Licking county his home for three-quarters of a century. He was born in Virginia Feb. 21, 1831, and came to Licking county with his parents when he was 6 years old. During his early life he followed farming as a vocation, having settled on a farm west of Newark.

For more than 40 years he has been buying wool from Licking county farmers, transacting business in this line even as late in life as last summer. He had made all his plans to continue this business during the coming season.

In this business he has been associated in the past with Wm. Shields, Adam Brown, John Dickson and H. M. Root, all well known citizens. He was also well known as an auctioneer and in pursuing these vocations he met many people, traveled to all parts of the county, where he made many friends. He was a man with a keen mind, even in his later years, and he rarely forgot faces or names.

Mr. Lawyer was married to Mary Ashton, March 16, 1854. Just a year ago Mr. and Mrs. Lawyer celebrated golden wedding anniversary at home though both were confined to their beds by illness. Three children were born, William A. and John L. Lawyer, both deceased, and Mrs. Theodore Taylor, who lived at home. He leaves one brother, William Lawyer of Hebron, and one sister, Mrs. A. J. Duncan, also of Hebron.

Two weeks ago Mr. Lawyer was taken ill, but improved so that he was able to be about the house. On Tuesday he was taken ill again and he was unable to resist the advances of the disease.

Many years ago Mr. Lawyer served as trustee of Union township, where he resided, this being the only political office he ever held. Funeral services will be held at the home Sunday afternoon at 1 o'clock. The body will be taken to Licking cemetery for interment.

COMPLETION OF PIPE LINE WILL INCREASE SUPPLY

The announcement made by the Logan Natural Gas and Fuel company that the new 16-inch high pressure main line from the West Virginia gas fields is within 13 miles of completion, will be pleasing news to local gas consumers. This is the second 16-inch line to be laid by the company, which supplies West Virginia gas to the Logan company. It was expected that the line would be completed by Jan. 1, and every possible effort was made toward that end, but the recent un-

IS THIS YOUR DAUGHTER?

Are you letting thin, impure blood stand in the way of your daughter's health? Most girls have impoverished blood. Don't take any more chances. Your daughter is free in now she may be the first stages of bloodlessness. Its effects on her health and happiness are too lasting for you ever to let up in your care and watchfulness.

No matter how sick, worn out and discouraged she may be, Dr. Williams' Pink Pills will give her new hope and life. In nine persons out of ten, had blood is the real cause of their sickness and to it may be traced rheumatism, neuritis, gas on the stomach, indigestion, anemia, chlorosis, sick headaches, nervousness, St. Vitus' dance, sciatica and nervous prostration. For those feeling only just a little out of order, there is no better time than the present to take this blood-building medicine.

Remember also that this is the time of the year when there must be no let down in your own health. Any lowering of the quality of your blood now is dangerous, as it makes the body an easy victim of the germ and colds. Take Dr. Williams' Pink Pills to keep your blood pure and healthy and you will be well and strong.

A full explanation of the use of Dr. Williams' Pink Pills is contained in the booklet, "Building Up the Blood." It will tell you how to treat your trouble and shows what these pills have done. Dr. Williams' Pink Pills are sold by all druggists or direct by mail on receipt of price, 50 cents per box or \$2.50 for six boxes. Address the

usual flood conditions in the Ohio river valley greatly delayed, and at times, entirely stopped progress. At present, this line is completed from the West Virginia fields to a point six miles north of the Ohio river, near Marietta, and construction work is now being rushed forward with a force of 900 men. It is expected that the line will be completed and gas turned in this month.

It is needless to state that the additional delivery from this large line will greatly increase the Logan company's available supply of gas.

OLIVE Tablets OIL the Bowels

A Physician's Substitute For Dangerous Calomel.

When you feel that your liver and bowels need help take Dr. Edwards' Olive Tablets. Substitute for Calomel. Calomel is effective, but dangerous—causing bad after-effects. Olive Tablets are especially made to take the place of Calomel. Dr. Edwards for years has been Calomel's foe. He saw its dangers and its disadvantages in 17 years' practice, treating patients for all kinds of liver and bowel complaints. In his efforts to do without Calomel he developed his now famous little olive-oil-colored tablets. Olive Tablets are mild, but effective. Safe and sure. Pleasant to take, but unfailing in results.

Olive Tablets oil the bowels just enough to start Nature's own action, and they tone up the liver at the same time. They are made from a rare combination of vegetable compounds mixed with olive oil. If you want to regain that feeling of jocular buoyancy and clear thought take Dr. Edwards' Olive Tablets. They work like a vacation. 10 and 25 cents per box. "Every little Olive Tablet has a movement all its own." The Olive Tablet Co., Columbus, O.

AMUSEMENTS

Good audiences attended the matinee and evening performances of "The Typhoon," Thursday, by the Kirk Brown stock company and left the theatre thinking, which is in itself complimentary to the play and the principal actors.

There is one adjective that conveys to our minds the main characteristic of the production itself. It is a "terrific" tragedy. Figuratively it bears out the significance of its title, and like a typhoon it sweeps all before it in an irresistible swirl of the grandest passions of which the human soul is capable. Love, patriotism, friendship, self-sacrifice, are dominant throughout, and at only one time, in the terrific climax, does one of the meaner although intensely human passions, gain an ascendancy. It is when the hero, goaded into temporary madness by the taunts of his lover, and overwhelmed, not only in the belief in her treachery and unfaithfulness, but also by a realization that the secret mission he had come to a strange country to perform for his beloved native land had been betrayed, he cruelly chokes her to death.

Kirk Brown in the leading role of "Tokoromo," the leader of the secret Japanese junta in Berlin, was at his best and to him Thursday must go the lion's share of laudation for the success of the performance. His conception of the part seemed deeply conscious, while his makeup was artistically realistic, and his educated hidden English-Japanese was very intelligible and yet had enough of the ultra-montane to never allow the audience to forget the oriental atmosphere in which the play was cast. The latter was further emphasized by the stage settings of his apartment in which three of the four acts were laid. The smoking joss-sticks carried a pungent perfume to the furthest corners of the theatre, while the screens, rugs, tables and other furnishings gave a realistic art of Japanese magnificence.

The setting of the court of Assize was very poor and seemed to have been hastily put on just to give a place for the linking of two parts of the drama. It did not look like a court room and the actors did not at all resemble judges and advocates in the trial of a capital offense.

Of the individual actors, James Brown as "Hironari," who denounces himself as the woman's murderer in

order to save "Tokoromo," and make possible the completion of his work for Japan, deserves special mention as a clever work.

The women parts are only two in number and in the general dramatic progress of the play, have little importance, except to develop the main situation.

The minor parts were well done, but are not especially essential to a successful rendition.

This afternoon the masterpiece of Dickens, "Oliver Twist," was given, and tonight the great Shakespeare tragedy, "Othello," will be put on. Good indications are that a large audience will be present.

"Exceeding the Speed Limit." The attraction announced for Monday evening, Feb. 10, at the Auditorium is a new French farce by Anthony Mars, called "Exceed-

ing the Speed Limit," with Carter De Haven, one of our most popular young comedians, in the leading role. Mr. De Haven is surrounded by an exceptionally clever cast of players, including Flora Parker, Dorothy Morton, Clara Palmer, Marion Bell, John L. Kearney, Frederick Bond, Jay Wilson and a singing and dancing chorus with good looks and talent. "Exceeding the Speed Limit" has just closed a six weeks' engagement at Cohan & Harris' Grand opera house, Chicago, and is now on tour of the larger cities into the northwest. Seats are now on sale for this engagement.

Concert at Auditorium Sunday. The Auditorium management has arranged for a concert Sunday evening, in addition to the usual program of photo-plays. Prof. Wm. Schmidt's celebrated orchestra will render a program of popular and

classical music that will be a delight to lovers of good music. For the double program a slight increase in admission will prevail.

The Orpheum. In spite of the extremely cold weather last evening, a fair crowd turned out to see "The Silent Partner," now being presented at the Orpheum theatre. The little show is a good one and is produced by a clever company. The pretty chorus works hard and surely puts the stuff over in great shape, receiving much applause for its work. Every one must see this show for a real laugh.

Now is the time to get a suit and overcoat—all winter suits and overcoats are going at marked down prices at ROE EMERSON'S, 547 Corner Third and Main.

The Store That Serves You Best. Meyer & Lindorf NEWARK, OHIO

East Side of the Square.

SAYS GRAY HAIR VANISHES AFTER APPLYING SAGE TEA

A Mixture of Sage and Sulphur Prevents Dandruff and Falling Hair.

When you darken your hair with Sage Tea and Sulphur no one can tell, because it's done so naturally; so evenly. It is also splendid to remove dandruff, cure itching scalp and stop falling hair.

Preparing this mixture, though, at home is a messy and troublesome task. For about 50 cents a bottle you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Hair Remedy."

Some druggists put this mixture up themselves but make it too sticky, without having with me my eldest son.

"And he is quite a boy," asked Congressman Byrnes.

"Six feet seven," replied the mother.

"Where is he now?"

"Out in Vancouver, surveying."

"We were on shore just one week in Europe when we heard that Mr. Beach was wanted here," said the witness, "and then we returned here at once. I wanted to come back here and find out what all this meant."

Mr. Beach had not been away from me once," she said again, "since the affair happened."

"And they say in this indictment that Mr. Beach cut your throat," said Byrnes. "Did he?"

"He did not do it," answered the wife, her voice ringing through the court room.

Mr. Beach told substantially the same story as that related by Mr. Beach. He was calm and self-possessed throughout the examination.

His answer never rising until the end, when the lawyers got into an argument regarding postponing the trial last September, and both sides had declared they were ready then. Mr. Beach cried:

"Why didn't you have the trial then? I was ready, too."

He declared he was 37 years old. Coming down to the events of the night of the assault, he went over the same ground covered by his wife, adding:

"I paid no attention to the man as he flashed past when I ran out in answer to my wife's screams. I at first thought she had found a dead body—possibly one of the woman whose screams I had heard earlier in the evening. I never ordered my clothing cleaned," he said, referring to the fact that the blood spots had been washed from the suit he wore on the night of the assault.

so insist you want "Wyeth's" then there will be no disappointment.

You just dampen a sponge or soft brush with "Wyeth's Sage and Sulphur" and draw it through your hair taking one small strand at a time. Do this at night and by morning all gray hair disappears and after another application or two becomes beautifully darkened and more glossy and luxuriant than ever. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and you'll look years younger. Inquiry shows all pharmacists in town here sell lots of it. Hall's Drug Store, 10 North Side Square, Agent.

"My man cleans my clothing every morning."

He related the part he played in the investigation; denied the story of his alleged effort to get Mrs. Beach to fix the crime on Pearl Hampton's brother; explained the hiring of the detective and made the positive statement that when he handed the penknife to Mayor Giles, at the latter's request, no blade had been broken.

Gunter asked about the death of Mr. Havemeyer, Mrs. Beach's first husband.

"Where were you when he was killed, if he was killed?" asked the prosecutor.

In New York, 25 miles away.

"You don't know anything about that transaction, do you?"

"The death of Mr. Havemeyer,"

Beach cast a swift glance toward his wife, who was sitting with her head bowed and her face flushed. A flash of color swept over his face and he bit his lip. Then in a quiet voice he answered:

"No."

Finally Beach made denial that he was a millionaire.

"But it is so said in the papers?"

"That's the only way I ever shall be one," said Beach.

Miss Marion Hollins likewise confirmed in every detail the stories of Beach and his wife, and when she retired from the witness stand she and Mrs. Beach were at once surrounded by the group of social lights and showered with congratulations.

Davis Will Probated.

The will and codicil of the late Joseph Davis was admitted to probate Friday afternoon and James P. Davis was appointed executor under the terms of the will, without bond.

Meyer may keep a man out of jail, but it won't get him into heaven.
